Dear Parent:

It is required by law that every child enrolled in school, have on file an up - to - date medical record.

Please note the following requirements:

Polio: Four doses at any age, but 3 doses are enough if at least one was given on or after: the 4th birthday for children 4-6 entering Kindergarten, the 2nd birthday for children aged 7 years and older.

DTP/DTaP/DT/Td: Five doses at any age, but four doses are enough for first entry of children 4-6 years old if at least one dose was given on or after the 4th birthday. After the 7th birthday, four doses at any age, but three doses are enough if at least one dose was given on or after the 2nd birthday.

Td Booster: One dose is recommended but not required for 7th grade entry.

MMR: Two doses, both given on or after the 1st birthday, for Kindergarten entry, two doses, both given on or after 1st birthday, for 7th grade entry, and one dose, on or after 1st birthday, for grades 1-6 and 8-12. A second dose is recommended.

Hepatitis B: Three doses for kindergarten entry - Three doses for 7th grade entry.

Mantoux Tuberculosis Skin Test: All children entering Kindergarten, or 1st grade who did not attend Kindergarten and new students from outside the State of California are required to have, at the time of enrollment written evidence of a Mantoux TB Skin Test. The only exception to this requirement is if written evidence is presented of having had a TB test within one year before admission.

CHDP: This is a CHILD HEALTH and DISABILITY PREVENTION requirement. The CHDP Law requires all children who are entering 1st grade; present to their school a health certificate showing they have received a comprehensive health examination. **This must be done within 18 months prior to 1st grade entrance or within 90 days entering 1st grade.**

REQUIREMENTS FOR CHILD CARE ENTRY

Age of Child	Number of Doses Required
2-3 months	1 Polio, 1 DPT/DTaP/DT, 1 Hib, 1 Hepatitis B
4-5 months	2 Polio, 2 DPT/DTaP/DT, 2 Hib, 2 Hepatitis B
6-14 months	2 Polio, 3 DPT/DTaP/DT, 2 Hib, 2 Hepatitis B
15-17 months	3 Polio, 3 DPT/DTaP/DT, 2 Hepatitis B, plus 1 MMR, 1 Hib (both of these last two given on or after the 1 st birthday)
18 months/5 years	3 Polio, 4 DPT/DTaP/DT, 3 Hepatitis B, plus 1 MMR, 1 Hib (both of these two given on or after the 1 st birthday)
